**RE: Pacer Expedited - TOFC FAK Rates**

---

Dear Valued Customer,

We are pleased to provide FAK rates for our new Pacer Expedited TOFC service between BNSF and CSX ramps, effective immediately. In addition, we have added new service from Stockton to Chicago. See FAK rates and ramp information listed in the tables below.

Pacer Expedited can dramatically reduce your transit time for time-sensitive shipments and is competitive with highway service alternatives. It is high-speed, reliable door-to-door and ramp-to-ramp intermodal service that utilizes 53' 110" Pacer Stacktrain containers moving TOFC to maximize efficiencies and reduce handoffs. Empty equipment is to originate or terminate at Pacer Stacktrain CY facilities.

Please see our website, [www.pacerstack.com](http://www.pacerstack.com), for ongoing access to the Rules and Procedures section of the Pacer Stacktrain Information Directory, schedules, ramp information, and business hours.

If you have any questions about this announcement, please consult your Pacer Stacktrain Business Development or Pricing Representative for additional information.

We appreciate your business.
