

Pacer Stacktrain Opens Two Container Yards

Dear Valued Customer,

Pacer Stacktrain will be opening two new container yard locations in Portland, OR and Seattle, WA on September 2, 2008. The new facilities will be the turn-in and dispatch point for all Pacer Stacktrain 48' and 53' empties. Please note: the rail ramps will only receive empties to accommodate after-hour and weekend returns.

The new container yard locations will offer several benefits including:

- Increased capacity
- Better pick-up service for your drayman
- Easier access to Pacer Stacktrain empties
- We will be able to supply location and added assistance from our container yard personnel
- On-site mechanics available during business hours
- Utilization of our equipment reservation system
- Both locations are within a five-mile radius of the UPRR, providing close proximity to the rail yards
