

Updated Restrictions on 53' Containers – Toronto, Ontario now Open

Dear Valued Customer,

We are pleased to announce that effective immediately, Toronto, Ontario destination ramps no longer have 53' container restrictions. As a result, destination guidelines as outlined in Stack Facts #911, dated September 17, 2007, have been updated below.

In order to maximize the availability of our 53' containers, we must ask for your assistance in managing their movement throughout our system. Please note the following load destination guidelines:

Pacer Stacktrain 53' containers must NOT be loaded to the following destination ramps noted with an "X":

	53'-110"	53'-107"
• Charleston, SC	X	X
• Montreal, QC, Canada	X	OK
• New Orleans, LA	X	X
• Savannah, GA	X	X
• St. Paul, MN	X	X
• Toronto, ON, Canada	OK	OK

Pacer Stacktrain high-cube 53'-110" containers cannot load to any of the locations listed above. Our high-cube 53'-110" containers are easily identified by their red corner posts and numbers starting with 88 or 89 (PACU 88xxxx) or higher.

Our standard 53'-107" containers cannot be loaded to the ramps noted above with the exception that our smaller 107" high containers can be loaded to the Canada and Mexico locations.

If you have any questions, please contact your Business Development Representative, or our Equipment Reservations Customer Support:
