Policy Revision Announcement

Dear Valued Customer:

Pacer Stacktrain is reverting back to our original policy for the decking of international containers after 7 days at the UPRR satellite yard known as Wolcott.

Any unit that has accrued more than 7 days of dwell time will be put to the ground. Customers will be charged for the lift back on the chassis in the amount of \$43.

Lift hours are from 0800-1630 M-F. Pacer Stacktrain will keep a pool of chassis at Wolcott. Please continue to use the chassis lift ticket form that can be faxed to 1-773-890-4815 for advance reservations.

Customers will receive a notice that their unit will be decked once the box has been at Wolcott for 5 days. You will also receive notification on any units that have been grounded after day 7. This will allow customers at least a 24-hour notification.

Please communicate this with your personnel, your customers and drayage carriers. Pacer Stacktrain is committed to working with you to make this a smooth transition. This policy will be in effect until further notice.
