CHSE31 Temporary Cut Off Change at Chicago

To Our Valued Customers:

Due to a major track work project on the Union Pacific between Clinton and Boone, Iowa, the cut off time for our CHSE31 Monday night cutoff train only at Chicago (GL01) Terminal will be temporarily changed from 2100 to 2000. This will be in effect from now till end October, 2001. This temporary change in cut off will allow for this train to get through the effected area before the main track has to be taken out of service.

This track work project on the UP Railroad is necessary to insure the long term, continued improvement in the quality of our service supporting your business.

Please advise all appropriate personnel of this revision.

We thank you for your continued support and for choosing Pacer Stacktrain.
