UPRR Salt Lake City Olympic Revised Operating Plan

To Our Valued Customers:

Due to the upcoming Winter Olympic Games in Salt Lake City, Utah, the Union Pacific Railroad and Olympic Safety Committee will be imposing the following restrictions between February 9 and February 23, 2002:

1) No Class 3 Hazardous Material loads will be allowed to operate through Salt Lake City during this period. Any Class 3 hazmat loads originating in Los Angeles with a destination of Chicago and beyond should be tendered at City of Industry (Domestic) or ICTF (International) during this timeframe. These loads will be re-routed via the Southern route through El Paso.

2) No trains will be allowed to operate through Salt Lake City between the hours of 6:00pm and 11:00pm due to closing ceremonies each day.

While no Pacer Stacktrain services should be directly affected by this curfew each day, it is quite possible residual congestion could cause some services to incur a 2-4 hour delay.

We thank you for your continued support and for choosing Pacer Stacktrain
