RE: Snow Closes Portsmouth, VA Terminal

The winter blast that is affecting most of the country is producing freezing rain and snow in the east. CSX Intermodal's Portsmouth, VA terminal, normally open until 19:00 will close today at 17:00 due to the unusually cold temperatures and snow. Weather permitting, the Portsmouth terminal will be open during normal business hours tomorrow.

CSXI's Charleston terminal is preparing for a snowstorm that has already left several inches of snow in the Carolinas. As temperatures continue to dip into the single digits, CSXI terminals across the network could be affected. Updates will follow as weather conditions change.

Please contact your local Pacer Stacktrain office for further updates regarding your shipments.
