RE: Anticipated Trucker Rally

Dear Valued Customer,

Local truckers in the Stockton, Ca area are communicating support for an intended work stoppage that seems to be gaining momentum. Rumor has it the drivers will stage a rally outside UP Lathrop Ramp on Monday April 26th. Its unknown at this time how long this work stoppage will occur by owner operators but the UP has a game plan in place to ensure their gate operations at their Lathrop Rail Ramp continue through local Sheriff's support and their own internal security force.

We are anticipating some service delays with the Sacramento shuttle service due to this truck rally and expect to keep them to a minimum at this time through service agreements with other truck vendors but delays will exist should the rally span over 24 hours.

We will broadcast an update on Monday April 26th as the situation unfolds. Should you have any questions until then please contact your local Pacer customer support representative.
