

# PACER STACKTRAIN

NEWS ALERT

April 11, 2000  
Electronic Bulletin No. 56

## *Website Launch*

Pacer Stacktrain is pleased to announce the launch of its new website located at [WWW.Pacerstack.com](http://WWW.Pacerstack.com). The site is designed to provide you with the information and on-line functionality you need to move your cargo safely and efficiently. Planned for release in stages, the site includes the following sections:

**Services:** This section will include all the information contained in the Stacktrain Services Manual, which is scheduled for release this summer.

**Customer Support:** Provides the online, real-time functionality you need to move your cargo. The section currently includes transactions to track your shipments, request rates and access your rate history. On line submission of shipping orders is currently being tested and is scheduled for release in May.

**About Pacer:** Will include a brief history of the company and biographies of our key executives.

**News:** This section will provide archives of recent press releases and past issues of Stack Fax.

**Contact:** Contains a list of Customer Support Offices, Sales and Customer Support personnel as well as email links to them.
