Re: Salt Lake City - Stallion CY Update

The previously reported Stallion off-site Container Yard, which was opened to support overflow volumes at the Union Pacific Railroad Salt Lake City ramp will support all volume that is not picked-up within 48 hours after the scheduled Salt Lake City ramp notification. Specifically, after 48 hours, the UPRR will dray this volume to the new Stallion CY where the UPRR will re-notify customers of the revised pick-up location.
