Re: PacerMex Gateway Delay

Dear Valued Customer:

Due to operational issues that the TFM railroad is currently experiencing, the PacerMex Gateway service from Nuevo Laredo to Mexico (Cuautitlan) is experiencing an additional day in transit time. PacerMex OneStop service may be affected as well. So effective immediately, we are adding an additional day to our service standard in this lane. The new availability is 4th day 9:00AM, (vs former 3rd day AM).

We believe that this is a temporary issue; and we anticipate that the regular 3rd day AM will likely be reinstated by September 30th.

We appreciate your patience and your business.
