RE: Empty Capacity Program for Southern California

Dear Valued Customer:

Pacer Stacktrain is again expecting a very strong demand for domestic containers in Southern California to meet this year's peak season shipping requirements. Effective Monday October 9, 2006, all capacity in Los Angeles will be offered under the Empty Capacity Program.

The Empty Capacity Program:

Pacer Stacktrain will offer capacity through the Equipment Reservations Group. The cost of this capacity will be set daily based upon supply and demand. Pacer will offer this capacity at either L.A. Metro Pacer Yard or an alternate Los Angeles Rail facility. A valid PacerERS UserID will be required to make a purchase and Customers will need to sign authorizations in advance allowing the UserID to purchase capacity. PacerERS will fax customers the forms for completion as needed. All purchased reservations called in will be visible to customers in PacerERS. Purchases made will be invoiced on a weekly basis. Pacer Stacktrain will move available empty equipment from surplus locations to help support the demand and will continue as long as demand warrants. There is no guarantee or volume commitment, but will be based on available capacity.

In order to better meet the demands of the Southern California market and in conjunction with the start up of the Empty Capacity Program, Pacer Stacktrain will handle purchase requests thru a specific desk within the Equipment Reservation group managing the sale program dedicated to Southern California.

Equipment Reservations: 877-816-1810

Hours: Mon-Fri 0600-1900 CST
Saturday 0800-1200 CST

We appreciate your business.
