RE: Empty Capacity Program for Northern California

Dear Valued Customer:

Pacer Stacktrain is expecting continued strong demand for domestic containers in Southern and Northern California to meet this year's peak season shipping requirements. Effective Monday October 23, 2006, all capacity in Stockton and Oakland will be offered under the Empty Capacity Program in addition to the continuation of this program in Los Angeles.

The Empty Capacity Program:

Pacer Stacktrain will offer capacity through the Equipment Reservations Group. The cost of this capacity will be set daily based upon supply and demand. Pacer will offer this capacity at either the CY or Rail facilities in Stockton, Oakland and Los Angeles. A valid PacerERS UserID will be required to make a purchase and Customers will need to sign authorizations in advance allowing the UserID to purchase capacity. PacerER Team will fax customers the forms for completion as needed. All purchased reservations called in will be visible to customers in PacerERS. Purchases made will be invoiced on a weekly basis. There is no guarantee or volume commitment, but will be based on available capacity.

In order to better meet the demands of the Southern and Northern California markets and in conjunction with the implementation of the Empty Capacity Program, Pacer Stacktrain will handle purchase requests through a specific desk within the Equipment Reservation group managing this capacity sale program.

Equipment Reservations: 877-816-1810

Hours: Mon-Fri 0600-1900 CST
Saturday 0800-1200 CST

We appreciate your business.
