**RE: Dray-Off Program at Yard Center/Dolton, Mexico Containers Awaiting Customs Paperwork**

---

Dear Valued Customer:

Effective immediately, it will be necessary to dray-off Mexico destined loads that are awaiting Customs paperwork for pre-clearance from the railroad terminal to our CY in McCook, IL (CUB Terminal). This will reduce overall terminal congestion to improve terminal efficiency so we can provide service levels you expect from Pacer Stacktrain. To that end, this is to include uncleared loads that originate in Chicago proper and Northeast ramps that have been in the rail network beyond 4 days, with day 1 being day of tender. These loads will be drayed off to CUB on the 5th day and additional charges billed to the Contract Holder at the below rates:

Dray to/from CUB and CUB/Dolton - \$200

Ingate/Outgate at CUB - \$25

Should you have any questions or concerns concerning this program or the pre-clearance process, please contact your Pacer Stacktrain Account Manager, our Laredo Customer Service office at 866-420-2290, or Clinton Bell, Director Business Development, Mexico Product Sales at 817-837-4706.

We appreciate your business.
