RE: Announcing Pacer Expedited - Expanded Markets

Dear Valued Customer:

Pacer Stacktrain is pleased to announce our recently introduced Pacer Expedited service is expanding into new markets. Effective immediately, we are now offering service between the Northeast and Southern California, between the Pacific Northwest and Chicago and from Chicago to Northern California..

Pacer Expedited can dramatically reduce your transit times for time sensitive shipments by offering high-speed, reliable ramp-to-ramp or door-to-door intermodal service that is competitive with highway service alternatives.

The Pacer Expedited service utilizes 53' - 110" Pacer Stacktrain containers on chassis moving between BNSF and CSX ramps. For pricing and service specifics, please contact your Pacer Stacktrain Pricing representative.

A full list of Origin and Destination ramps for our expanded service is detailed below:
