**Re: Updated Rules and Procedures Now Available**

---

Dear Valued Customer:

**Pacer Stacktrain has updated its Rules & Procedures.** Many of these revisions relate to our new PacerDirect door-to-door services including a new accessorial matrix. Please see, in particular, Section 9 of the updated Rules and Procedures. Other revisions include:

- Fuel Surcharge adjustments for ramp-to-ramp services will be on a weekly basis beginning January 2, 2007.
- The Alameda Corridor Transportation Authority has implemented a special fee increase on loaded waterborne containers, effective November 24, 2006.

Revisions are clearly marked in the updated Rules and Procedures. If the revisions in the updated Rules and Procedures are not already in effect by operational practice or if the effective date is not stated in the updated Rules and Procedures, the changes shown will become effective as of November 29, 2006.
