Electronic Bulletin No. 822
Re: Fuel Surcharge Update

Dear Valued Customer:

The Pacer Stacktrain Fuel Surcharge (FSC) previously has been adjusted on the first Monday of each month. The FSC is based on the U.S. Department of Energy National U.S. Average Diesel Fuel Price Index value as released the preceding week.

On **December 25, 2006** the DOE reported an index value of **2.596**. Therefore, effective **January 1, 2007** the Pacer Stacktrain Fuel Surcharge will be adjusted to **18%**. This FSC level will remain in effect through **January 7, 2007**.

Beginning **January 2, 2007**, the FSC will be calculated on a weekly basis on each Tuesday, and the resulting FSC percentage will be effective the following Monday. Therefore, the next FSC adjustment will be calculated on **Tuesday, January 2, 2007** and will be effective on **Monday, January 8, 2007**.

Details of the Pacer Stacktrain FSC methodology were last outlined in Stack Facts No. 818, dated November 29, 2006. Full details can also be found in our Rules and Procedures which are available from the Services tab of our website:
www.pacerstack.com.

If you have any questions regarding this notice, please feel free to contact your Pacer Stacktrain Business Development representative, or Customer Support.
