Re: Fuel Surcharge Update: Ramp-to-Ramp and PacerDirect Door-to-Door Services

Dear Valued Customer:

Effective January 2, 2007, the Pacer Stacktrain Fuel Surcharge (FSC) will be calculated on a weekly basis for both ramp-to-ramp and PacerDirect door-to-door services.

The FSC continues to be based on the U.S. Department of Energy National U.S. Average Diesel Fuel Price Index value reported each Monday. The FSC will be calculated and communicated on a weekly basis on each Tuesday, and the resulting FSC percentage will be effective the following Monday for all Pacer Stacktrain services.

Ramp-to-Ramp Services:

On **January 1, 2006** the DOE reported an index value of **2.580**. Therefore, effective Monday **January 8, 2007** the Pacer Stacktrain Fuel Surcharge on ramp-to-ramp services will be adjusted to **17.5%**. This FSC level will remain in effect through **January 14, 2007**.

PacerDirect Door-to-Door Services:

On **January 1, 2006** the DOE reported an index value of **2.580**. Therefore, effective Monday **January 8, 2007** the Pacer Stacktrain Fuel Surcharge on door-to-door services will be adjusted to **18.0%**. This FSC level will remain in effect through **January 14, 2007**.

The next FSC adjustment will be calculated and communicated on **Tuesday, January 9, 2007** and will be effective on **Monday, January 15, 2007**.

Full details regarding the Pacer Stacktrain FSC methodology can be found in our Rules and Procedures which are available from the Services tab of our website:
